FLOORPLAN

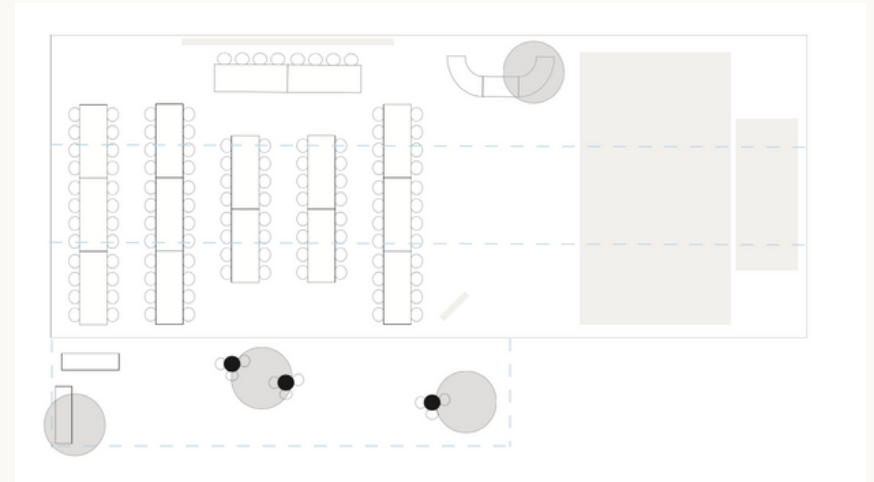

OPTIONS

No two events are the same - there are infinite ways to lay out a space! When you hire a marquee & furniture you'll receive your own personalised floorplan designed by our specialist team, but here are some ideas to get the creative juices flowing.

Experience the Truly Yours [difference](#)

Whether it's an intimate gathering of 20 or large celebration of 500, we can customise your marquee to suit. We take ALL the factors into account (number of guests, style of event, furniture etc.) before recommending the perfect size.

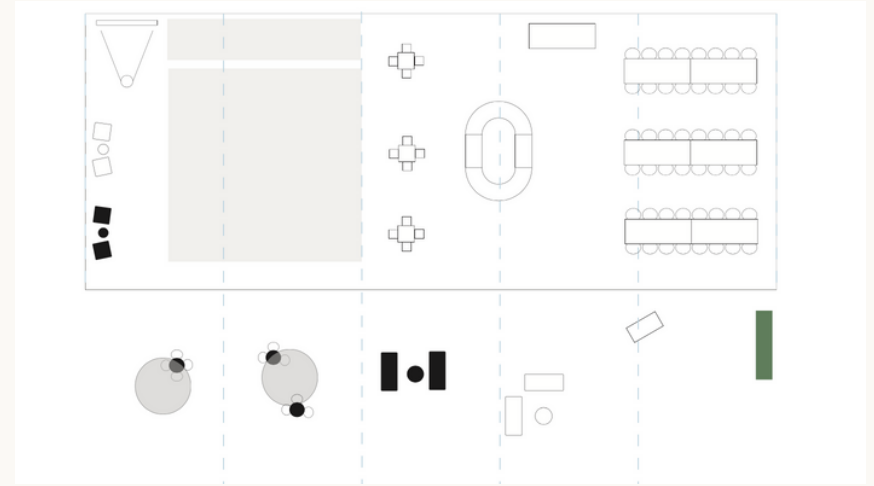

A customised floorplan also ensures your space is not only beautiful but functional and covers all weather options (so you don't have to stress about the weather forecast)

This example shows 112 pax. Depending on your desired floorplan, style of event and what you'd love to host inside the 10x25m marquee this size can fit up to 200 pax for a sit down setting

A bride and groom are walking together in a field of dry grass. The bride is wearing a long, white, form-fitting wedding dress with a long, flowing veil that trails behind her. The groom is wearing a dark suit. They are walking towards the right side of the frame. In the background, there are several tall, dark evergreen trees and a range of mountains under a soft, golden light from the setting or rising sun.
