FLOORPLAN

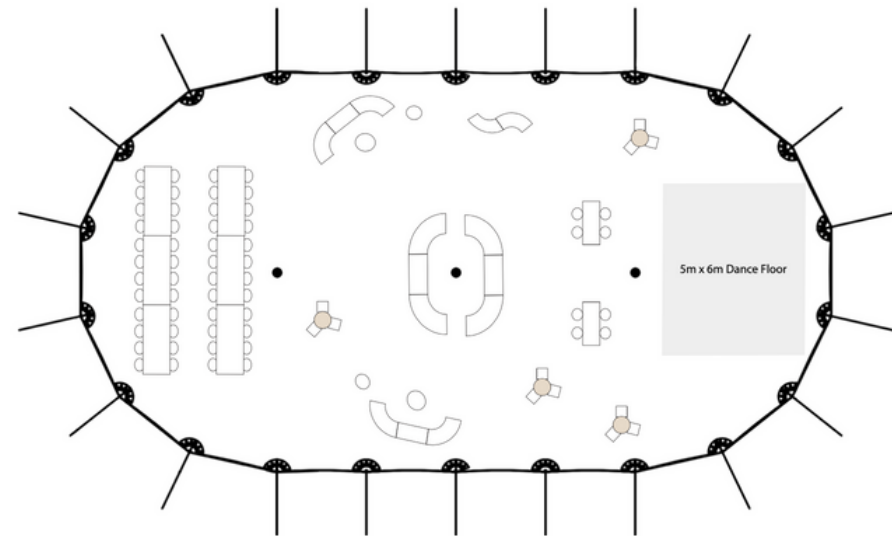

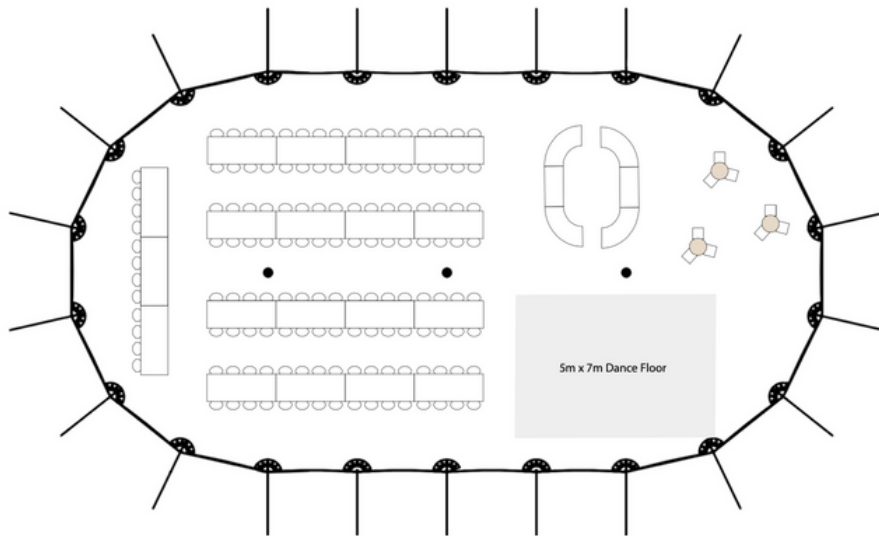

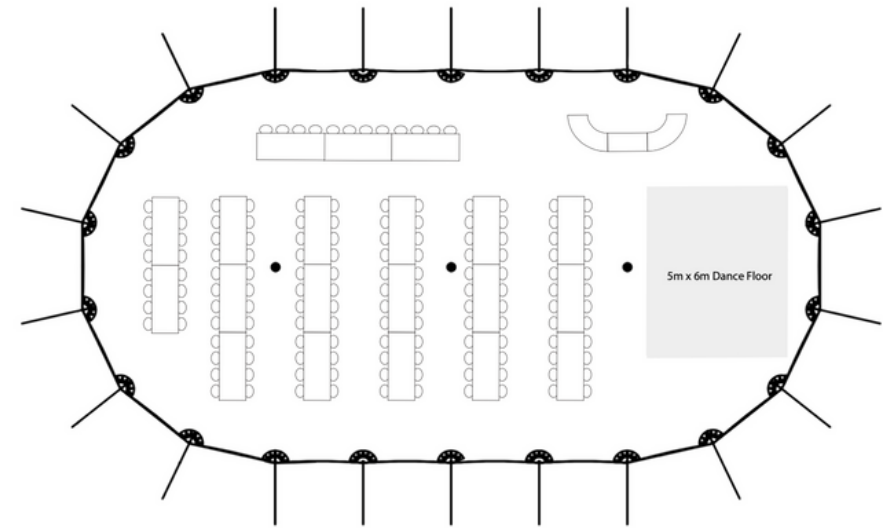

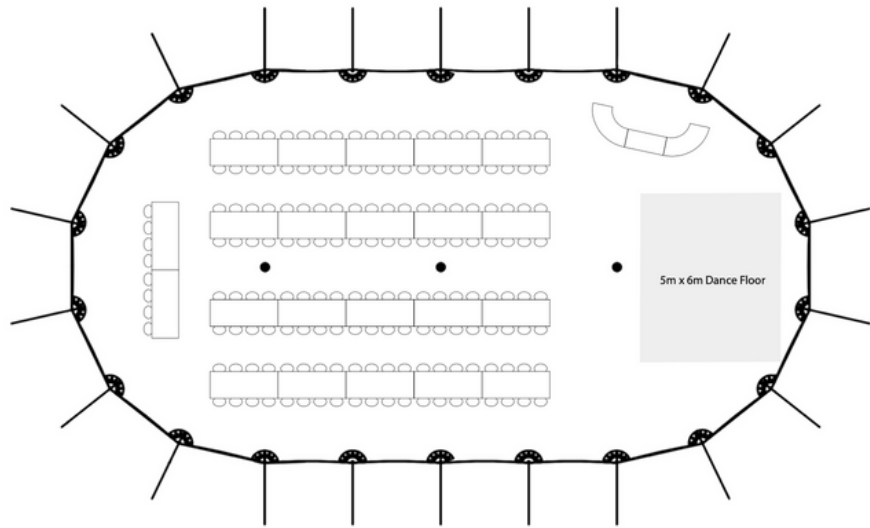

OPTIONS

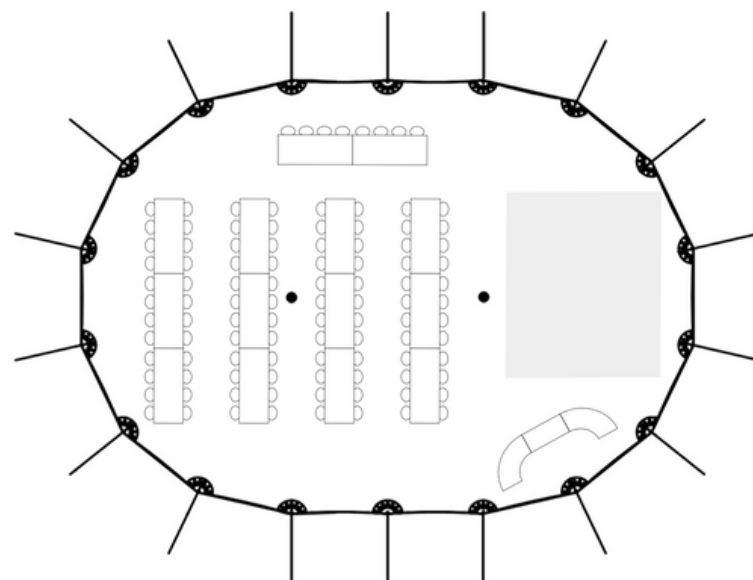

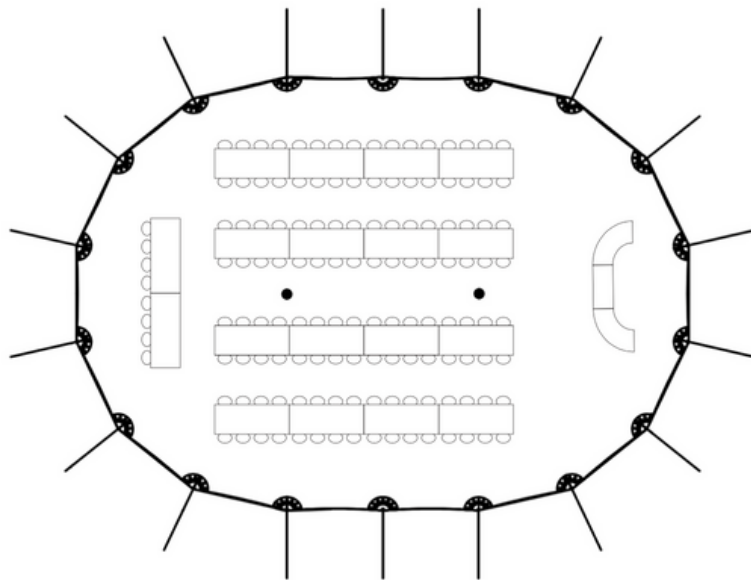

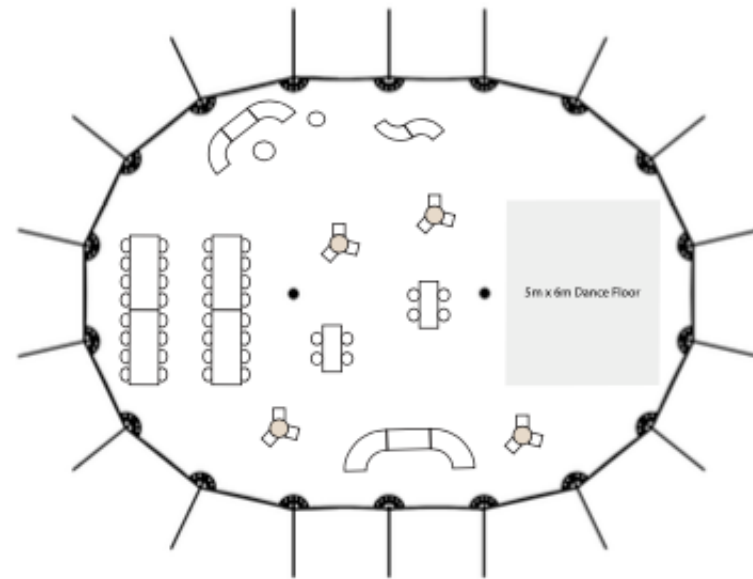

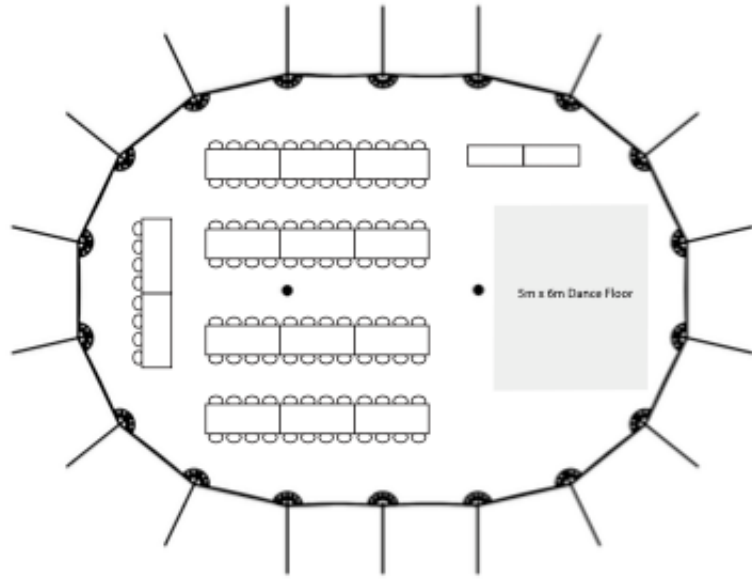

No two events are the same - there are infinite ways to lay out a space! When you hire a tent & furniture you'll receive your own personalised floorplan designed by our specialist team, but here are some ideas to get the creative juices flowing.

Experience the Truly Yours **difference**

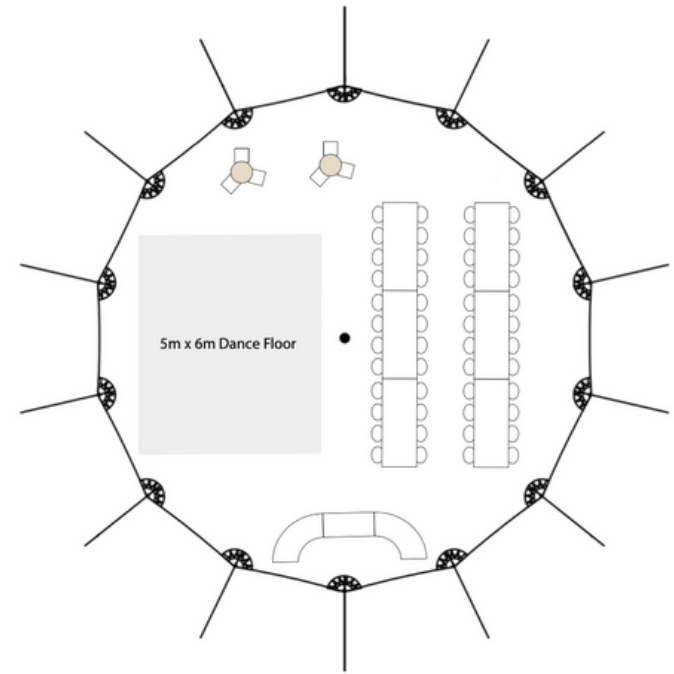

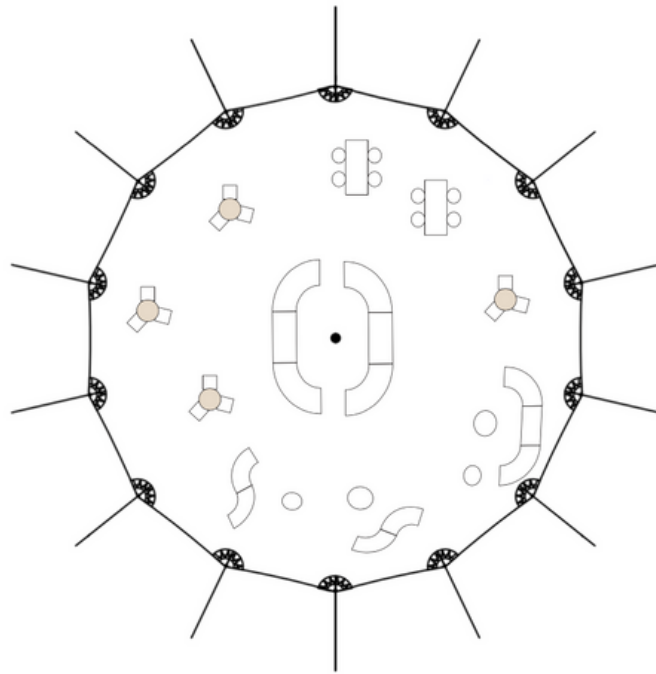

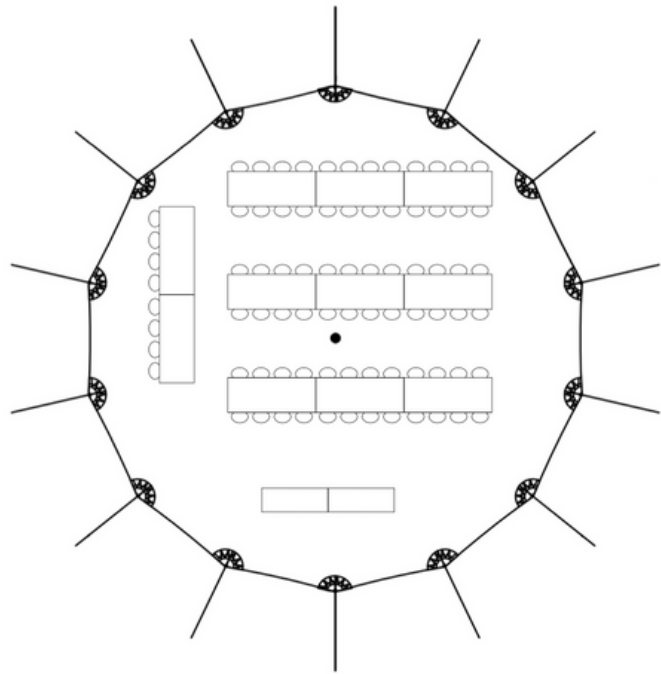

Whether it's an intimate gathering of 20 or large celebration of 500, we can customise your tent to suit. We take ALL the factors into account (number of guests, style of event, furniture etc.) before recommending the perfect size.

A customised floorplan also ensures your space is not only beautiful but functional and covers all weather options (so you don't have to stress about the weather forecast)

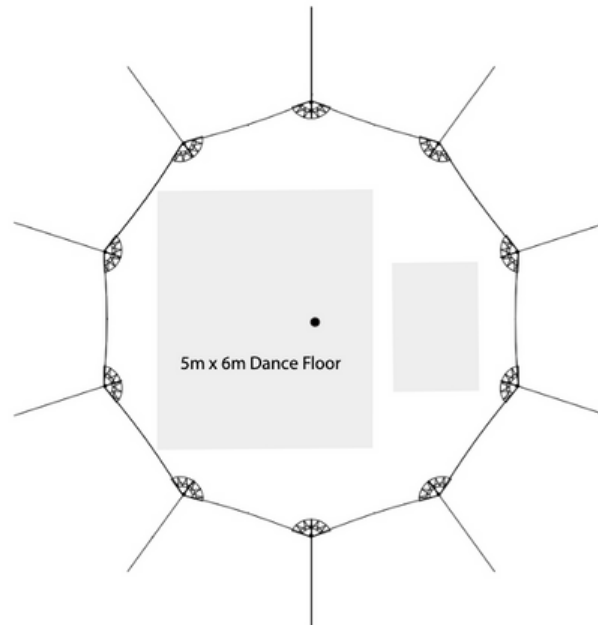

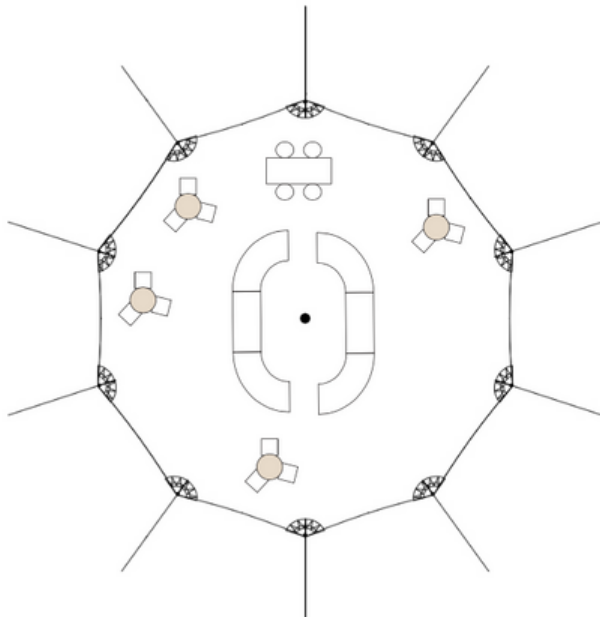

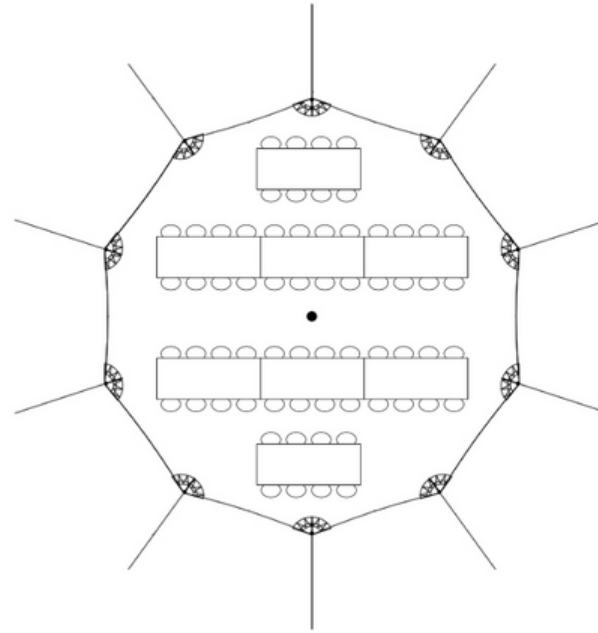

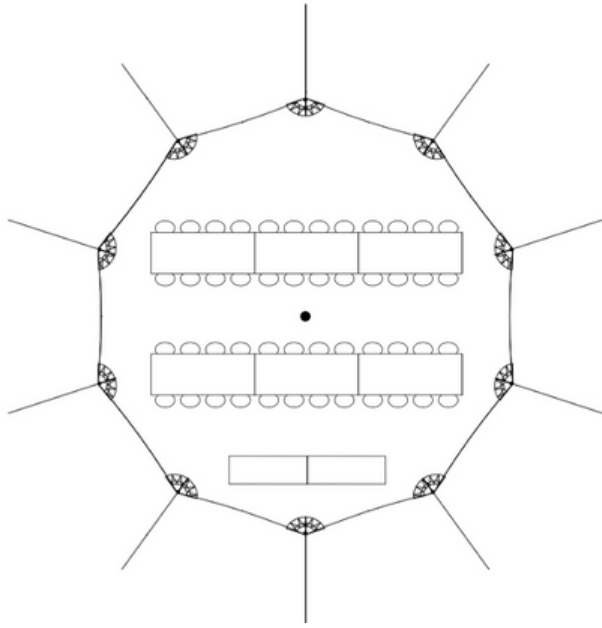

Double Peak - 14m x 20m

14m Round

10m Round
